Work Experience

Webhouse Inc. (Continue onsite)
WordPress & Shopify Developer

At Webhouse Inc., I work as a WordPress and Shopify Developer where I build and manage WordPress websites based on client requirements. Along with WordPress development, I also create custom Shopify sections and develop custom Shopify themes to improve store design and functionality. I handle third-party app integrations and ensure smooth implementation of required features, helping businesses enhance their online presence and user experience.

Startup Pakistan (Nov 2024 - Aug 2025)
CMS Developer

I am currently working as a Junior CMS Developer at [Cinco360 LLC], where I am responsible for converting Figma-approved designs into fully functional and responsive WordPress websites. I regularly handle client-side revisions and content updates to ensure their websites remain current and meet their expectations. Additionally, I create theme-based projects in Shopify, customizing layouts and features according to client requirements. While my primary focus is on WordPress and Shopify, I also have basic working knowledge of Wix, allowing me to manage minor edits and updates when needed.
I also perform on-page and technical SEO tasks, including optimizing SEO titles, meta descriptions, meta tags, keyphrases, internal linking, and external linking to help improve website visibility and search engine rankings.

Axcore International (2023 - 2024)
Junior Web Developer

As a Junior Web Developer at Axcore Training Academy, I successfully migrated a WooCommerce website to Shopify. My responsibilities included backing up data from WooCommerce and ensuring accurate transfer of product details such as prices, descriptions, and stock levels into Shopify. I utilized my expertise in WordPress and Elementor to streamline this process, ensuring a smooth transition while maintaining data integrity.

IT Solera Pvt Ltd Remote (2023 - 2024)
WordPress Developer

Completed a remote internship where I was responsible for creating the company's website from scratch, ensuring responsiveness and modern design standards.
